

# SAFETY DATA SHEET

SDS Version Number:	1.0
SDS Version Date:	30/04/2018

**1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER**

Product Name	LACURA NATURALS ® Verde Shampoo 500ml - Coriander & Olive
Other Names (if applicable)	
Product Code	62075
Barcode Number	4088700003800
Recommended Use	Personal Care Products – Rinse Off
Company Name	ALDI STORES (A Limited Partnership)
ABN	90 196 565 019
Street Address	1 Sargents Road, MINCHINBURY, NSW 2770
Telephone Number	+61 2 9675 9000 ( 8:30am - 5:00pm )
Supplier Code	00102
Other Emergency Phone Number	Australia - 13 11 26 (Poisons Information Centre)

**2. HAZARDS IDENTIFICATION**

**Classification of the substance or mixture**  
According to the WHS Regulations and the ADG Code.

**NON-HAZARDOUS CHEMICAL. NON-DANGEROUS GOODS. According to the WHS Regulations and the ADG Code.**

**Label elements**

<i>GHS label elements</i>	<i>Not Applicable</i>			
<i>Signal Word</i>	<i>Not Applicable</i>			

**Hazard statement (s)**

Not Applicable

**Precautionary statement (s)**

<b>Response</b>
Not Applicable
<b>Prevention</b>
Not Applicable
<b>Storage and Disposal</b>
Not Applicable

**Other hazards**

None

SDS Version Number:	1.0
SDS Version Date:	30/04/2018

## 4. FIRST AID MEASURES

For advice, contact Poisons Information Centre (phone Australia 13 11 26) or a doctor

(For each route of exposure provide indication of medical attention and special treatment needed including description of most important symptoms, acute and delayed)

Inhalation	If fumes, aerosols or combustion products are inhaled remove from contaminated area. Other measures are usually unnecessary.
Skin Contact	Concentrate and dilution solution is readily removed with water. Abraded or broken skin should be washed carefully and thoroughly. Seek medical attention in event of irritation.
Eye Contact	If this product comes in contact with the eyes: Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Seek medical attention without delay; if pain persists or recurs seek medical attention. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.
Ingestion	If swallowed do NOT induce vomiting. If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and prevent aspiration. Observe the patient carefully. Never give liquid to a person showing signs of being sleepy or with reduced awareness; i.e. becoming unconscious. Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice.
Note to Physician	Treat symptomatically

## 5. FIRE FIGHTING MEASURES

Hazards from combustion products	Non combustible. Not considered a significant fire risk, however containers may burn.
Precautions for firefighters and special protective equipment	Use water delivered as a fine spray to control fire and cool adjacent area. Do not approach containers suspected to be hot. Cool fire exposed containers with water spray from a protected location. If safe to do so, remove containers from path of fire. Equipment should be thoroughly decontaminated after use.
Suitable / Unsuitable extinguishing material	There is no restriction on the type of extinguisher which may be used. Use extinguishing media suitable for surrounding area.

## 6. ACCIDENTAL RELEASE MEASURES

Emergency procedures	Not applicable.
Methods and materials for containment and clean up	<b>For minor spills:</b> Slippery when spilt. Clean up all spills immediately. Avoid breathing vapours and contact with skin and eyes. Control personal contact with the substance, by using protective equipment. Contain and absorb spill with sand, earth, inert material or vermiculite. Wipe up. Place in a suitable, labelled container for waste disposal. <b>For major spills:</b> Slippery when spilt. Clear area of personnel and move upwind. Alert Fire Brigade and tell them location and nature of hazard. Control personal contact with the substance, by using protective equipment. Prevent spillage from entering drains, sewers or water courses. Recover product wherever possible. Put residues in labelled containers for disposal. If contamination of drains or waterways occurs, advise emergency services.
Environmental precaution(s)	Not applicable.

## 7. HANDLING AND STORAGE

Precautions for safe handling	Avoid contact with eyes. Wash hands with water after handling. Avoid physical damage to containers.
Conditions for safe storage	Store in original containers. Keep containers securely sealed. Store in a cool, dry, well-ventilated area. Store away from incompatible materials and foodstuff containers. Protect containers against physical damage and check regularly for leaks. Observe manufacturer's storage and handling recommendations contained within this SDS. Plastic container- Check that containers are clearly labelled and free from leaks.

SDS Version Date: 30/04/2018

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

National Exposure Standards

Not Available

Biological Limit Values

Not Available

Engineering Controls

None under normal operating conditions. Provide adequate ventilation in warehouse or closed storage areas.

Personal Protective Equipment

No special equipment for minor exposure i.e. when handling small quantities.  
OTHERWISE: Safety glasses with side shields. Contact lenses may pose a special hazard; soft contact lenses may absorb and concentrate irritants. A written policy document, describing the wearing of lenses or restrictions on use, should be created for each workplace or task. This should include a review of lens absorption and adsorption for the class of chemicals in use and an account of injury experience. Medical and first-aid personnel should be trained in their removal and suitable equipment should be readily available. In the event of chemical exposure, begin eye irrigation immediately and remove contact lens as soon as practicable.  
For Hands/Feet - no special equipment needed when handling small quantities.  
OTHERWISE: Wear general protective gloves. e.g. light weight rubber gloves.  
OTHER - no special equipment needed when handling small quantities.

SDS Version Number: 1.0  
SDS Version Date: 30/04/2018

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Viscous liquid.
Colour	Yellow, slightly hazy to hazy
Odour	Floral, Woody Scent
pH	5.00-6.00
Specific Gravity or Density	0.99-1.04
Vapour Pressure	Not Available
Vapour Density	Not Available
Percent Volatiles	Not Available
Boiling Point Range	Not Available
Freezing/ Melting Point	Not Available
Solubility	Miscible
Flash Point (include method detection)	Not Available
Flammability Limits	Not Available
Ignition Temperature	Not Available
Other	Viscosity (cSt) 7000-15000 cPs @ 25C

## 10. STABILITY AND REACTIVITY

Reactivity	See Section 7
Chemical Stability	Product is considered stable.
Conditions to avoid	See Section 7
Incompatible Materials	See Section 7
Hazardous Decomposition Products	See Section 5
Hazardous Reactions	Hazardous polymerisation will not occur.

## 11. TOXICOLOGICAL INFORMATION

### Health Effects

Ingestion	Considered an unlikely route of entry in commercial/industrial environments. Ingestion may result in nausea, abdominal irritation, pain and vomiting.
Eye Contact	The liquid may produce eye discomfort causing temporary smarting and blinking.
Skin Contact	Not considered an irritant through normal use. Discontinue use if irritation occurs. The liquid may be slightly discomforting to the skin if exposure is prolonged.
Inhalation	Not normally a hazard due to non-volatile nature of product.
Long term effects	No adverse effects anticipated from normal use. Principal route of exposure is usually by skin contact. The liquid may remove oils from the skin on prolonged or repeated contact.
Acute Toxicity/ Chronic Toxicity: (ie LD <sub>50</sub> )	No adverse effects anticipated from normal use. Principal route of exposure is usually by skin contact. The liquid may remove oils from the skin on prolonged or repeated contact.

## 12. ECOLOGICAL INFORMATION

Ecotoxicity	Not Available
Persistence and Degradability	No data available for all ingredients.
Mobility	No data available for all ingredients.
Other Adverse Effects	No data available for all ingredients.
Bioaccumulation Potential	No data available for all ingredients.

## 13. DISPOSAL CONSIDERATIONS

Disposal methods  
(including container disposal)

Recycle wherever possible or consult manufacturer for recycling options. Consult State Land Waste Management Authority for disposal. Bury residue in an authorised landfill. Recycle containers if possible, or dispose of in an authorised landfill.

Special precautions for landfill or incineration

No data available for this product.

## 14. TRANSPORT INFORMATION

Regulation	UN Number	Proper Shipping Name	DG Class	Packing Group	Label	Additional Information
ADG	None Allocated	None Allocated	None Allocated	None Allocated	None Allocated	None
IMDG	None Allocated	None Allocated	None Allocated	None Allocated	None Allocated	None
IATA	None Allocated	None Allocated	None Allocated	None Allocated	None Allocated	None

## 15. REGULATORY INFORMATION

Poisons Schedule  
(Australia only)

Not Scheduled

APVMA Status

Not Applicable

TGA Status

Not Applicable

AICS Status

All the constituents of this product are listed on AICS.

## 16. OTHER INFORMATION

SDS Version Number

1.0

SDS Version Date

30/04/2018

Reason for issue

New Product

### Key/Legend to Abbreviations and Acronyms used in the SDS:

#### Abbreviation/Acronym

#### Meaning

ADG

Australian Code for the Transport of Dangerous Goods by Road and Rail

AICS

Australian Inventory of Chemical Substances

APVMA

Australian Pesticides and Veterinary Medicines Authority

AQIS

Australian Quarantine and Inspection Service

AS

Australian Standard (as issued by Standards Australia)

ASCC

Australian Safety and Compensation Council

DG ERG Code

Dangerous Goods Emergency Response Guidebook Code. The Emergency Response Guidebook is used by first responders (eg firefighters, police officers and ambulance personnel) when responding to a transportation emergency involving hazardous materials.

IATA

International Air Transport Association

IMDG

International Maritime Dangerous Goods

LD<sub>50</sub>

The median lethal toxicological dose, LD<sub>50</sub> is an abbreviation for "Lethal Dose, 50%" of a toxic substance. This is the dose required to kill half the members of a tested population.

NOHSC

National Occupational Health and Safety Commission

SDS

Safety Data Sheet

STEL

Short Term Exposure Limit - A 15 minute TWA exposure which should not be exceeded at any time during a working day even if the eight-hour TWA average is within the TWA exposure standard. Exposures at the STEL should not be longer than 15 minutes and should not be repeated more than four times per day. There should be at least 60 minutes between successive exposures at the STEL.

TGA

Therapeutic Goods Administration

TLV

Threshold Limit Value - TLV is a proprietary name registered by the American Conference of Governmental Industrial Hygienists (ACGIH) and refers to airborne concentrations of substances or levels of physical agents to which it is believed that nearly all workers may be repeatedly exposed day after day without adverse effect.

TWA

Time Weighted Average - The average airborne concentration of a particular substance when calculated over a normal eight-hour working day, for a five-day working week.

UN Number

UN numbers are four-digit numbers that identify hazardous substances, and articles (such as explosives, flammable liquids, toxic substances, etc.) in the framework of international transport.

This SDS has been prepared by the ALDI Stores product supplier from current technical data and summarises at the date of issue their best knowledge of the health and safety information of the product, and in particular how to safely handle and use the product in the workplace.

This SDS may only be reproduced in full. Summaries or excerpts from this SDS may not contain all the relevant information and thus are not permitted.

ALDI Stores gives no warranty and makes no representation as to the accuracy, reliability or completeness of the information contained herein.

The user should make their own determination in light of their own circumstances as to the suitability of this information and the safe conditions for the use of this product. To the extent permitted by law, ALDI Stores will not be liable for any loss, damage or expense arising from the use of this SDS, whether caused by the negligent act or omission of ALDI Stores or otherwise.
