ALDI Recall Inner Goodness UHT Almond Milk Original 1L

FAQs (for any enquiries):

What are you doing?

ALDI is recalling Inner Goodness UHT Almond Milk Original 1L with a use by date of 18/04/2021 in all stores.

Why are you recalling the product?

The recall is due to microbial (*Pseudomonas aeruginosa*) contamination.

Which products are affected?

Inner Goodness UHT Almond Milk Original 1 L. No other ALDI products are affected.

What's behind the issue?

At this stage ALDI is working together with the supplier in order to find the root cause of this issue. Once the root cause has been found corrective actions will be put in place.

Can consumers eat the product?

Customers should not eat this product as this may result in illness and should return it to any ALDI store for a refund.

What should customers do if they've purchased this product?

The product should be discarded or returned to any ALDI store for full refund. Any customers who are concerned about their health should seek medical advice.

How many customers reported illness?

ALDI investigated this product and identified the potential microbiological issue and as a precaution has initiated this recall. We apologise for any inconvenience, but the quality and safety of our products for our customers is a top priority.
